

## MyChart - Adolescent Access

Adolescent access for MyChart allows an adolescent patient between the ages of 13 to 18 to view components of their medical record and communicate with their physician's office regarding non-urgent matters. The parent or legal guardian will also be able to view a limited portion of the adolescent's medical record and communicate with the physician's office.

Adolescent proxy access is terminated when the parent/legal guardian makes a written or online request to terminate access. At age 18 the patient will have full control of their MyChart account and the parent/legal guardian access will be discontinued. Beyond the age of 18 the patient may still grant parent/legal guardian access by requesting Adult Proxy access.

### Adolescent Access and Adolescent Proxy Terms and Conditions:

- The parent/legal guardian must complete and sign the attached Adolescent Proxy Authorization Form. Please call the MyChart Support at 781-261-4480 if you need assistance.
- **Important:** You can print and fill-out this form at home but it will only be accepted if delivered to our office in person by the adolescent.
- Each parent/legal guardian requesting access must have an active MyChart account but, does not need to be a South Shore Health System patient.
- Adolescent access can be terminated by the parent/legal guardian at any time online or by written request.

For existing Pediatric Proxy MyChart accounts, the parent/legal guardian's access to MyChart will continue when the child turns 13, but the access will be limited as noted below.

### MyChart access will enable you to:

Adolescents:	Parents / Legal Guardians:
<ul style="list-style-type: none"> <li>• View growth charts, immunizations, allergies and medications</li> </ul>	<ul style="list-style-type: none"> <li>• View growth charts, immunizations and allergies</li> </ul>
